8th – 12th Grade: The 8 Mathematical Practices

Incorporating the 8 Mathematical Practices is challenging.

Do you want effective tools and meaningful lessons to help implement the 8 Mathematical Practices? As a school leader or teacher, are you concerned about how your students will perform on the Smarter Balanced Assessment? Get paid and receive OPI renewal hours to participate in a free, one-day math workshop provided by the OPI and Education Northwest. Coming soon to a location near you!

June 6th

Plains, MT

Math Matters Montana is here to help!

- Incorporate the 8 Mathematical Practices in your classroom
- Learn what materials support Montana Common Core Standards
- Prepare your students for the Smarter Balanced Assessment
- Connect with your peers for added support
- Choose from a menu of continued support throughout the school year including: on-site coaching, professional book study, and weekly resource digests.

Who should attend?

All math teachers are welcome, we encourage school-based teams of at least two 8th – 12th grade math teachers and a school principal.

How will we pay for it?

\$150 Stipend, mileage reimbursement, and lunch will be provided by Education NW for all participants!

When will it occur?

Trainings are conveniently scheduled on a Saturday from 9am to 4pm. Follow-up coaching or online learning will take place at your convenience.

Don't miss your chance! Registration is limited to 60 people in each location.
